

103rd ANNUAL SHOW

Saturday, 14th August 2010

CHAIRMAN'S LETTER

As usual I find myself penning this forward as Wimbledon cracks open the Pimms and Champagne - oh what diversions! The committee's work is however coming together, the marquee is ordered, new table cloths are on the way, equipment has been checked and we have secured a clutch of new and old show Sponsors and "Friends of the Show" - look out for their names within the schedule as these individuals and companies are an important ingredient in the future success of the show.

After a wet, cold and prolonged winter we have had a good start to the horticultural season and although many gardeners are beginning to wish for rain and the water companies are moaning about lack of water we expect that this year's show should throw up a few treats. Horticultural interest is at a high and with the work recently completed on local allotments in Disley and High Lane we are hoping for some new exhibitors at this year's show! If you are contemplating entering the show for the first time this year whether in the horticultural, arts, handicrafts or cookery sections please don't hold back, browsing through this schedule you will see numerous classes that the novice exhibitor can enter together with some guidance on exhibiting and of course the show rules. Don't be worried, the show is a friendly affair and there is always help and guidance available from a steward within the marquee.

Non exhibitors are very welcome and we try to provide an entertaining family afternoon out, the children's pet and fancy dress competitions have proved very popular in recent years and they are free to enter!

Should you be able to offer some help to set up the show on the Thursday or Friday before the show or to help on show day itself then Mavis would be very happy to receive a call on 01663 762347.

Hope to see you at the show, Les Matthews (Chairman)

HANDY HINTS

The Annual Show is your Show, so why not take part in it. There are classes for beginners as well as experts, so to win one of the many prizes just follow these simple guidelines and try your luck.

HORTICULTURAL CLASSES

FLOWERS

Always pick the best and avoid specimens that have damaged leaves or petals, are spattered with soil or infested with insects. Arrange them simply but tastefully in a plain vase or other holder. Take care not to include kinds or varieties that are not asked for or put more in the vase than the class requires.

FRUIT

Pick sound ripe fruit, clean and free from insect damage and set out on a plain plate or dish. Fruit should not be polished.

VEGETABLES

These are judged on condition, size, uniformity, quality and freedom from damage. Roots and foliage should be trimmed off unless the Schedule says otherwise. Wash off the surplus soil and do not polish the skins. If bunches are entered fasten them in a tidy bundle and arrange them neatly.

POT PLANTS

These should be of even growth and free from damage or decayed parts. Cut off any dead leaves. The pot and any support should be clean and sound. If there is more than one plant in your display put the taller ones at the back.

HOME AND HANDICRAFTS**CAKES**

Rich dark fruit cake is a Christmas cake, but not decorated or iced. A Victoria Sponge should be jam filled, without icing sugar on top or decorated in any other way.

JAM, JELLIES, MARMALADE, LEMON CURD

Don't be afraid to enter your home-made preserves. Use a standard jam jar. Fill it to the top (the jam will shrink when it cools). Cover with waxed paper when the jam is hot and with transparent tops when cold. Label neatly with type and date.

KNITTING AND SEWING

Entries need not be at all elaborate. Consistency and neat finishing are points that are looked for.

In a close competition arrangement and presentation will be taken into account.

**REMEMBER! THE MORE ENTRIES, THE BETTER THE SHOW
AND THERE ARE LOTS OF PRIZES ON OFFER**
